General Terms: During congestion, the small fraction of customers using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. Video typically streams on smartphone/tablet in SD quality (480p). Limited time offer; subject to change. Features differ by plan; not all plans or features available on all devices. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Unlimited high-speed data in US only. For plans with limited data allotments, full speeds available up to monthly allotment (including tethering), then slowed to up to 2G speeds through bill cycle; partial megabytes rounded up. U.S. roaming and on-network data allotments may differ; see selected service for details. Video streams at up to 2.5Mbps unless you add additional pass, feature, or plan that allows you to activate delivery of video streams at speeds that provide HD video capability (max 1080p); some content providers may not stream their services in HD. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. Tethering at max 3G speeds unless otherwise stated. For the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. Int'l Roaming: International features vary by plan. Usage may be taxed in some countries. In Canada/Mexico, up to 5GB high-speed data then unlimited at up to 128kbps on qualifying plans. On some qualifying plans, calls from 215+ countries and destinations, including over Wi-Fi, are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada); standard speeds approx. 128Kbps without Plus; with Plus approx. 256 Kbps. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use. AutoPay Pricing for lines 1-8 on many plans, max discount of \$25/mo. AutoPay discount requires bank account or debit card, otherwise \$5 more/line/mo. May not be reflected on 1st bill. Coverage not available in some areas; we are not responsible for our partner networks. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming.
